DR. HYDE IS GUILTY

JURY IN FAMOUS MURDER CASE
RENDERED VERDICT THIS
MORNING.

LIFE IMPRISONMENT IS SENTENCE

The Physician Received the News
Coolly and Did Not Break Down
—"Don't Worry, Dearie,"
His Words to Wife.

Kansas City, Mo., May 16.—The jury in the case of Dr. B. C. Hyde, charged with the murder of Col. Thomas H. Swope, returned a verdict of murder in the first degree at 10:23 o'clock this morning, after being out since last Friday night. Hyde's punishment was fixed at life imprisonment.

"Oh, Clark," cried Mrs. Hyde, when the verdict was read by Judge Lathshaw. She threw her arms about his neck and wept silently. Then she patted her husband on the cheek. Hyde sat motionless. He looked firmly at Judge Lathshaw while the verdict was being received, and as the words, "imprisonment in the state penitentiary during his natural life," were pronounced his eyes fell upon the floor.

"Don't worry, dearie," he said to his wife, as she clasped him in her arms.

Mrs. E. N. Hopkins and Miss Laura Hyde, sisters of the physician, looked distressed, but did not break down. They tried to comfort Mrs. Hyde and appear brave before her. The physician will be sentenced in open court by Judge Lathshaw either Thursday or Friday.

The law allows the defense four days in which to file a motion for a new trial.

"Treat the prisoner, the same as any other," Judge Lathshaw ordered. County Marshal Joel B. Mayes. "Give him few privileges and no luxuries." The usual custom of permitting prisoners to send out for meals will apply in Dr. Hyde's case, but he must sleep in his cell.

"I will file a motion for a new trial and then take an appeal in the case," said Frank Walsh, chief counsel for Hyde.

The verdict came unexpectedly. Every attorney in the case had given up hope of the jury, which had been out since Friday night, coming to an agreement. It was reported this morning that one jurymen had vowed he would "vote for acquittal until I die of old age."

An hour after the verdict was rendered Mrs. Hyde was able to go home. Before leaving she said:

"I am now over the first shock and am feeling strong. I shall take immediate steps for a new trial. Falling in this, I shall arrange for an appeal. The case will be reversed in the supreme court, I am confident, because Clark is innocent, and therefore, it cannot be otherwise."

Frank Walsh, leading counsel for Dr. Hyde, said: "The case will be appealed and we have every confidence in the final outcome. I have nothing else to say."

Attorney John H. Lucas, associate counsel with Walsh, said: "The supreme court will remand this case for a new trial. There has been sufficient error in it to convince me of this."

When the news of the conviction was forwarded by telephone to Mrs. L. O. Swope, who was at her home in Independence, she shrieked and dropped the receiver. She refused to make a statement.

It is the belief of the court attaches that the supreme court will be unable to reach Hyde's case for at least a year, on account of the crowded condition of the docket. In the meantime the prisoner may be kept in the county jail or sent to the state's prison at Jefferson City by Judge Lathshaw. The law of Missouri prohibits the court from admitting a convicted murderer to bail.

After their discharge, the jurors went immediately to their hotel to obtain their personal belongings.

They did not separate at once, but remained to talk and give promises of continuing the friendships formed in the jury room.

"We positively decided not to discuss our deliberations," said Frank Claypool, the foreman.

"Was there a row in the jury room last night?" he was asked. "Absolutely not," he said. "Of course, we argued heatedly, but there was no friction."

Juror Samuel R. Johnson, of Sib-

ley, Mo., who was said to have been in the fight, denied emphatically there had been one.

"You felt justified, did you?" he was asked. "In holding out so long for acquittal?" "Yes," he said. In response to other questions Johnson refused to commit himself further.

Juror Lillard, who it has been stated, was one of these, who had held out for conviction from the start, declined to say what any of the ballots had been.

"Of course," he said, "we had some difficulty in reaching a verdict, as the length of time we were out indicates, but there was no friction of any kind."

Mrs. Logan O. Swope was feeling improved in spirits this afternoon

NEW MEN AT WORK

TAKE PLACES OF STRIKING
MACHINISTS IN SHOPS AT
JEFFERSON CITY.

TWENTY-TWO WERE BROUGHT IN

Are Guarded So as to Prevent Molestation—Will Eat and Sleep in Cars in the Yards Near Their Work.

The limit expires today for the striking Missouri Pacific machinists to return to work in the Sedalia shops. Up to the hour the Democrat-Sentinel went to press there had not been a break in the ranks, and the men say there will not be.

The Democrat-Sentinel is not authorized to say so, but it is understood the company will proceed at once to fill the places of the local strikers with non-union men, the same as was done at Jefferson City Saturday, as will be seen from the following clipping from the Capital News of Sunday morning:

"Twenty-two men known as 'scabs' arrived here Saturday to take the places of the machinists who went out on a strike about two weeks ago. They came from St. Louis on passenger train No. 21 in a special coach."

"Saturday afternoon cars were fitted up in the western part of the yards near the round house in which they are to eat and sleep. They will in this way be less than two hundred yards from their work. J. A. Koch, special agent for the Missouri Pacific, was on the premises yesterday afternoon to see that the men were not molested."

"No trouble is anticipated, as the railroad company has men working in the places of the strikers in Sedalia, Kansas City and St. Louis. At not one of these places has there been a demonstration made by the machinists who demand more wages for their work."

"The men will be put to work at once and will be under heavy guard. It is the belief of the men who walked out here that the strike will not continue very much longer, as they think the railroad company will accede to their demands."

"The men who walked out at Sedalia have received notification that if they do not return to work on or before the 16th day of May they must move their tools and other belongings from the shops. This is a good indication that the railroad company is going to contest the matter to the end."

"W. C. Mann, representative of the Jefferson City lodge of B. of R. T., and chairman of the local grievance committee, returned from St. Louis last night, where he attended a meeting of the general committee of the Missouri Pacific and Iron Mountain railroad."

"Mr. Mann will return to St. Louis Tuesday to meet with General Manager Sullivan, when it is hoped the grievance of the railroad men with the company will be adjusted."

Odd Fellows Go to Columbia.

The following members of Sedalia lodge of Odd Fellows left at noon today for Columbia to attend the grand lodge of the order, but principally to boost for transferring the grand lodge headquarters from St. Louis to Sedalia:

Dell Moore, H. B. Shain, Judge O. E. Parsons, G. W. Anamosa, E. W. Covey, F. S. Leach, J. L. Babcock, Dr. F. L. Sutton, F. E. Hoffman, Sr., F. E. Hoffman, Jr., A. W. McKenzie, L. C. Snell, T. J. Kaler, Frank Faulkner and Wyatt McBride.

FIRST TEN IN RANK

HIGH SCHOOL SENIORS TO BE
ON THE COMMENCEMENT
DAY PROGRAM.

MISS LETTS MADE ANNOUNCEMENT

Miss Audrey Mittzell is the Valedictorian and Myers McClure the Salutatorian—Miss Hurlbut's Good Record.

Miss Martha M. Letts, principal of the Sedalia High school, announced this morning the rank of the first ten members of the graduating class of 1910.

From a class of eighty-one, seventy-six passed, and fifty-four ranked. Out of this number Miss Audrey Mittzell, niece of Dr. H. B. Cole, is the valedictorian, and Myers McClure, son of Engineer George McClure, is the salutatorian.

Below are the names of the members of the class, the first ten being in the order of their rank, and the others alphabetically:

1. Audrey Mittzell.
2. Myers McClure.
3. Muriel Challacombe.
4. Susan Hurlbut.
5. Mary Stine.
6. Eleanor Berry.
7. Myrtle Fisher.
8. Corrinne Lewis.
9. Joe Reid.
10. Mildred Lueking.

Ruth Babcock, Fern Baker, Mary Bast, Albert Boughner, Alma Bradford, Lucille Brandt, Rosemary Burrows, David Chasnoff, Mabel Clark, Lawrence Collins, Jennie Crawford, Nadine Dameron, Claude Dempsey, Kathleen Demuth, Anna Ruby Dillard, Helen Eckhoff, Nannie Estell, Clara Evans, Mabel Foster, Charles Freese, Lev Ellen Gilliam, Edith Green, Emory Gunn, Tom Harnsberger, Clancy Harris, Laverne Heckert, Pauline Hickerson, Theresa Hinshaw, John Hurd, Leah Jackson, Florence Janisch, Gwendolyn Johns, Christine Johnson, Linden Jones, Mayme Klink, Genevieve Kroencke, Louise Letts, Edna Long, Ethel Ludemann, Lois McCord, Margaret Mackey, Una Marsh, Maurine Minnard, Ellis Moore, Ray Murphy, Joseph Norton, Nannie O'Bannon, Frye Pearson, Bonita Sager, Lester Scanland, Opal Schoell, Cormany Shirk, Paul Smith, Carrie Staats, Ethan Staats, Everett Stanley, Nina Street, Agnes Tibberty, Theresia Tibberty, Lorene Tuck, Joe Van Hoff, Frances West, Albert Wright, Fred Wrightman, Braynard McCormick, Louise White.

The first five are on the program of the commencement exercises, together with the following elected by the Senior class this morning: Louise Letts, Joe Reid and David Chasnoff, and the faculty at 12 o'clock elected Eleanor Berry, Linden Jones and Everett Stanley to also take part in the program.

Miss Susan Hurlbut, daughter of Mr. and Mrs. W. E. Hurlbut, is the only graduate who had a straight "A" card, her grade never being below 90 during her four years in the High school.

Friday night the principal of the High school, Miss Letts, will entertain the class at her home on East Fifth street, and on Sunday morning the Rev. F. Y. Campbell will deliver the baccalaureate sermon at the First Baptist church.

The class night exercises have been changed materially this year. On Tuesday evening, May 24, the class play, "Higbee, of Harvard," will be given. The class "retrospect," "poem" and "will" are to appear in the May issue of the Record.

The commencement day exercises will be held at the Sedalia theater Thursday night, May 26. The program has not yet been arranged, but will be completed shortly.

WHO SOLD POISON

A Traveling Salesman Victim of Inexperienced Druggist.

C. D. Campbell, a clothing salesman from Auburn, N. Y., was dangerously poisoned at his apartments at the Pullman hotel, Main street and Lamine avenue, at the midnight hour last night, due to an inexperienced drug clerk selling him bi-chloride of mercury for mercury.

Mr. Campbell, who came to Sedalia several days ago, has been stopping at the Pullman hotel. Sunday he

felt ill and went to a drug store to get some mercury, the latter acting like calomel.

By mistake the drug clerk sold him bi-chloride of mercury, but the discovery was not made until after he had taken the poison. At the midnight hour Mr. Campbell returned to his room. He had no sooner swallowed two tablets of the poison than his tongue and mouth began burning frightfully.

He called a bell boy and instructed the latter to call a physician. Dr. K. R. Barnum was summoned and administered antidotes, which reacted on the poison.

Mr. Campbell, when asked where he made the purchase, would not say, but he will take steps to prosecute the individual, whose inexperience almost resulted in his death.

PAROLED CONVICT

CAN BE SUCCESSFUL IF HE IS
HONEST AND SINCERE IN
HIS ENDEAVORS.

DEMONSTRATED BY E. VON FLEET

Went to Kansas City, Where He Made It Known to People That He Had Served Sentence at Jefferson City for Murder.

The fact that a man who has served a sentence in the state penitentiary for committing murder and who has received a parole can be successful upon his release has just been demonstrated by Elmer E. Von Fleet, or rather Alex Seymour, says the Jefferson City Capital-News.

Von Fleet was here during the month of February and conceived the idea, in conjunction with Warden Andrae and Pardon Attorney W. L. Chambers of posing as a man who had served a term in prison for murder and had received a parole at the hands of Governor Hadley.

Alexander Seymour was the name assumed when the man left here for Kansas City on the 22d day of February, assuming the role of a pardoned convict.

The first thing that Seymour did when he arrived in Kansas City was to apply to a minister of the Gospel for aid. He made known his true condition to the preacher. Finally Seymour secured work at a dairy at \$25 per month. During the time he worked there he saved more than \$60.

Seymour, thinking that he had had enough of the dairy business, told his employer that he was going to secure a better position. An advertisement was inserted in the Kansas City Star by Seymour, asking for employment. The ad made it plainly

WED BY REV. FR. NEIBERG

Mr. Arthur Dixon and Miss Bertha E. Lawson This Morning.

Arthur Dixon, a son of Mr. and Mrs. J. W. Dixon, of 339 West Pettis street, and Miss Bertha Elizabeth Lawson, a daughter of Mrs. Elizabeth Lawson, of 316 West Eleventh street, were united in marriage by the Rev. Fr. Stanislaus Neiberg, pastor of Sacred Heart Catholic church, at that edifice at 5:45 o'clock this morning.

Michael Lawson and sister, Miss Hattie, brother and sister, respectively, of the bride, were the attendants. Only immediate relatives attended the ceremony. After a dainty wedding breakfast at the groom's home, Mr. and Mrs. Dixon left for a week's visit at Kansas City, after which they will be at home to friends here.

Mr. Dixon is associated with his father in the contracting business. He is a worthy young man, while his bride is a popular young lady, highly esteemed by every acquaintance, and all will wish the young couple a long and happy married life.

Tour Europe With Sedalians.

Rev. M. A. Hart, pastor of the Christian church at Columbia, spent last night in Sedalia as the guest of Mr. Kokendoffer. Mr. Hart is the fourth man in the quartette of preachers to tour Europe this summer, and having preached the baccalaureate sermon at Clinton yesterday stopped over to discuss the proposed itinerary with the Sedalia preachers.

CLEAN UP SEDALIA

MAYOR MELLOR HAS ISSUED AN
ORDER THAT WILL MEET
WITH APPROVAL.

CLEANIER STREETS AND ALLEYS

Sanitary Officer McCabe is Making the Rounds, and Persons Who Do Not Get Busy Will Be Prosecuted.

J. W. Mellor, who was elected mayor of Sedalia on a platform, "Let's Make Sedalia Clean," today inaugurated a campaign for cleaning up Sedalia physically, and, in accordance with instructions from the chief executive, Sanitary Officer G. C. McCabe today began canvassing the city to view the streets and alleys where dirt, trash and rubbish make filthy sights.

In all cases where alleys or side streets are filled with rubbish Officer McCabe will serve notice on the property owners to get busy and remove the debris, and if the request is not complied with promptly arrests will be made and no leniency will be shown any person brought before Judge James C. Connor.

The intention of Mayor Mellor is to make Sedalia's streets and alleys cleaner than ever before, and with that object in view Officer McCabe was instructed to make a close inspection all over the city and report his findings as soon as possible.

The city ordinances requiring streets and alleys to be kept clean are given below for the benefit of those who object to complying with the mayor's orders:

Section 230—All vegetable waste, litter, garbage, filth or refuse of any nature, found in or upon any street, alley, yard or area within the city, shall be deemed a nuisance.

Section 231—Every privy, privy vault or water closet, which shall be found to be in an overflowing, leaking or filthy condition, or in condition dangerous to the public health in this city, shall be deemed a nuisance.

Section 234—Any stable, stall, shed, pen, yard, or appurtenance in which any horse, cattle, cow or swine has been or shall be kept, in the city, which may be in an unclean, foul, or unwholesome condition, shall be deemed a nuisance.

Section 235—All garbage, or filth or refuse of any kind, which shall be deposited otherwise than in suitable barrels or boxes, convenient for removal by scavengers or slop contractors, shall be deemed a nuisance.

Section 236—Every person who shall suffer, maintain or keep a nuisance within the city shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than one nor more than one hundred dollars.

DIED OF HEART FAILURE

Mrs. Theodore Fisher Passed Away Sunday at Noon.

Mrs. Lenora Fisher, wife of Theodore Fisher, proprietor of the Fisher job printing office and the eldest daughter of the late Judge W. H. Nichols, died suddenly from heart failure at her home, 521 West Fifteenth street, at 12 o'clock Sunday noon.

Mrs. Fisher is survived by her husband, a 9-year-old son, her mother and a brother, Rae Nichols, and a sister, Miss Nettie Nichols, deputy county recorder.

The body was today conveyed to the home of deceased's mother, 919 South Missouri avenue, where funeral services will be conducted at 2 o'clock tomorrow afternoon. Burial will be in Crown Hill cemetery.

Mrs. Fisher was a devout Christian lady, with a lovable disposition, and the news of her sudden demise will be learned of with sorrow by all.

OTHER NEW BUILDINGS

Permits Are Issued by City Engineer F. T. Leaming.

F. T. Leaming, city engineer, today issued a permit to Contractor J. E. Heckart for the building of a modern ten-room flat on the east side of Missouri avenue, on the first lot north of Third street, at a cost of \$4,500.

The residence will be finished by July 20 and will be occupied by Ralph Nordyke and family.

Another permit was issued to Contractor Heckart for the erection of a

six-room bungalow on the north side of Fourth street, on the second lot east of Carr avenue, at a cost of \$2,850.

The house will be finished by June 1 and will be occupied by Dr. Monroe and family.

A third permit was issued to Mr. Heckart for the erection for his own use of a four-room cottage at the northeast corner of Nineteenth street and Summit avenue, at a cost of \$800. It will be finished by June 1.

Governor Ordered Out Militia.

Jefferson City, May 16.—Governor Hadley today ordered four companies of militia to Iasco, Ralls county, to suppress a riot in which 1,500 workers of the Atlas Cement works are engaged at this place.

THE SEISMOGRAPH

IT WAS RECENTLY INSTALLED
IN KANSAS UNIVERSITY
AT LAWRENCE.

PROF. H. P. CADY IS IN CHARGE

So Sensitive Is the Machine That It Can Detect Not Only Earthquakes, but When Students Go to Their Classes.

Lawrence, Kas., May 16.—A seismograph has been installed at the University of Kansas and is in charge of Prof. H. P. Cady.

So sensitive is the seismograph that it can detect not only the most distant and faintest earthquakes, but even the time that the students go to class. All students are expected to be in their class rooms by 8 o'clock in the morning, but the record of the seismograph shows the majority of them are one or two minutes late. The dismissal hours, as well as chapel time, also are accurately recorded. The instrument even detects the light footed registrar whenever he brings some noted visitor to see the quake machine. But this is not to be wondered at when it is stated that an electric bulb left burning for two or three minutes within several feet of the instrument will cause a variation in the records.

In setting up this very delicate piece of German mechanism in the basement of Fraser hall all possible care was exercised. It is built on a solid brick and cement foundation running several feet into the earth and is free from all contact with the building.

At first glance the seismograph appears little more than a tripod. At the top of one of the legs there is a

RED MEN TO SEDALIA

Twenty-Five Delegates Will Come From St. Joseph.

Twenty-five delegates representing the six local tribes of the Improved Order of Red Men left St. Joseph for Sedalia at 6:45 o'clock this morning to attend the Red Men's annual state convention Tuesday, Wednesday and Thursday.

John W. Haight, a member of the board of public works, has been grand keeper of records for the last five years, says the News-Press, and at the session at Sedalia will be made a past sachem.

Haight, so far as known, has no opposition for re-election and it is expected that he will be honored by the order with election for the sixth time.

Memorial Day Sermon Sunday.

The Rev. Grant A. Robbins, pastor, will preach the annual sermon to the members of George R. Smith post No. 53, G. A. R., at the First M. E. church at 11 o'clock next Sunday morning.

The Memorial day sermon at Crown Hill cemetery on Monday, May 30, will be preached by the Rev. Harold Cooper, pastor of the First Congregational church.

Initiations by Owls Sunday.

At a special meeting of Sedalia nest No. 1184, Order of Owls, held Sunday afternoon, the following candidates were initiated: Coby Bloch, Arthur Kidwell, Fred Rush and the latter's brother-in-law, Mr. Wilson.

HYDE TRIAL COST

THIS SAID IT WILL AGGREGATE
TRULY ENORMOUS SUM
OF \$225,000.

COST TO MRS. HYDE BE \$110,000

Special Prosecutors for the State to Get \$50,000—Walsh Gets \$40,000, With Extra Pay for His Assistants.

Kansas City, Mo., May 16.—The cost of the Dr. Hyde trial will be about \$225,000, but the state and the county will bear only about \$5,000 of this. The balance will be paid from the money Col. Swope left. The inquest cost \$225, and the cost of the special grand jury, which returned eleven indictments against Hyde, two of these for first degree murder, was \$604.

Three hundred men were summoned on the venire for the jury and were paid \$2 and supplied with their meals while waiting to be examined. This cost is estimated at \$350. The board for the jury during thirty days, is \$360, and their fees at \$2 a day is \$720. Forty witnesses were examined by the state and were paid \$1 a day and their mileage. Their fees were \$1,200, and their mileage \$400.

The county paid \$10 a day for an expert stenographer — \$300 toward that expense.

The fees of the firm of stenographers were \$140 a day. That part not paid by the state is divided equally between the Swope family and Mrs. Hyde. The stenographers worked in relays, taking the notes into phonographs so that they might be typed at once in order that the lawyers might have transcripts of the evidence almost as soon as the witness left the stand.

The stenographic bill therefore is more than \$4,000. Transcripts of the evidence have been ordered from all parts of the United States and by both sides in the case against Mrs. Alan Proctor Vaughan and Dr. J. R. Hull, at Kirksville, for the death by poisoning of Prof. J. T. Vaughan, ordered copies.

One of the big bills the Swope family will have to pay is that of three experts, Drs. Victor C. Vaughan, Ludwig Hektoen and Walter S. Haines. The testimony in the trial showed they received \$100 a day after they were retained until they completed their testimony and \$200 a day while in Kansas City. All testified before the grand jury and in this case. They were here a week during the trial and that one week of their services cost \$3,600. Their total bill is estimated at \$28,000.

The lawyers retained by Mrs. Swope to aid in the prosecution—James A. Reed, a candidate for the United States senate; John H. Atwood, a politician and orator of national note, and John G. Paxton, an executor of the estate—will receive \$50,000, it is said. There has been no testimony touching this, except that Paxton's retaining fee was \$5,000.

Many suppose that Mrs. Logan O. Swope, Mrs. Hyde's mother, who was the most diligent member of the family in prosecuting Hyde, would bear this expense alone. This is not the case. The Misses Lucy Lee and Margaret Swope, each of whom is worth nearly half a million in her own right, are sharing in the costs. Stella and Sarah Swope, who are under age, could not legally contribute, it was found, so they are paying all the expenses of maintaining the Swope mansion, and are paying the wages of the extra chauffeur and the additional automobiles required in conveying the family back and forth from Independence.

Mrs. Frances Swope Hyde is paying her husband's bills. One of them is the fee of Dr. E. E. Smith, of Fordham University in New York, who was Hyde's chief toxicological expert, and who coached Frank P. Walsh, the chief counsel, for his cross-examinations.

Dr. Smith was employed March 22, last, at a cost of \$10,000, it is said. Other experts were brought to Kansas City from various Missouri and Kansas towns. Walsh, it is reported, will receive a fee of \$40,000, and two other firms of high priced lawyers helped defend Hyde. The total cost to Mrs. Hyde is estimated at \$110,000.

THE WEATHER FORECAST.
Showers tonight or Tuesday; colder
west portion Tuesday.

A THOUGHT FOR TODAY.
Discipline, like the bridle in the
hand of a good rider, should exercise
its influence without appearing to do
so; should be ever active both as a
support and as a restraint, yet seem
to lie easily in hand. It must always
be ready to check or to pull up, as
occasion may require; and only
when the horse is a runaway should
the action of the curb be perceptible.

BOTTLE AND BAR.
Massachusetts has just enacted a
law designed to distinguish between
places where alcoholic liquors are
sold to be consumed on the premises
and those where they are sold to be
carried off and consumed in unsocial-
able guzzling at home. It bears the al-
lusive title of the bar and bottle
bill.

With certain reservations in favor
of hotels and their guests, no seller
can have a license to sell by the bot-
tle and also over the bar. The theo-
ry of the law is that the bar room
is the poor man's club, but it would
be better for him if after having had
a few drinks with his friends Satur-
day night he should not be able to
take away with him a quart of red
liquor to consume during the hours
of Sunday when he might be much
better employed. Sociologists and
temperance reformers believe the ef-
fects of the law will be most useful.

USE OUR LEGS.
Walking is a good exercise. In
town, furthermore, it is an economy
that is not unimportant. Many peo-
ple avoid walking as though it were
dangerous and take a street car for
three or four blocks. It would be
better for their health to walk that
distance, and in the course of a year
the person who will try pedestrianism
will realize that many a nickel
makes a muckle.

And incidentally you will get more
of the exercise which your body
needs and more of the contact with
nature which your spirit needs than
you could in a three-thousand-dollar
automobile.

Edward Payson Weston will have
done well for his country if he shall
have started any considerable num-
ber of persons upon the practice of
walking. The scientists tell us that
the organs that are left unused at-
rophy and finally disappear, and the
means of saving steps are so abun-
dant that the human race threatens to
become legless.

Weston is a wonder, but only be-
cause he has kept up through life
the enjoyment of pedestrianism that
almost every one feels in youth.

There are men who argue that liv-
ing is high, but they might try dy-

ing. A live man gets shaved for 15
cents, but a dead one pays a dollar
and never kicks. A good hersey over-
coat costs \$25, but a wooden one
costs \$100. A grave digger will plant
potatoes for 20 cents an hour, but
for planting you he gets four times
as much. A carriage to the theater
costs \$2, but one to the cemetery
costs \$5. A saloon keeper will fill
your hide to bursting for 50 cents,
but an embalmer gets \$7.50 for the
job. Come to think of it, there are
lots of things left to live for in this
old world, despite the high prices
and the cold, wet backward weather.

Representatives of the government
of Australia are in this country with
a view to studying West Point Mil-
itary academy, having in mind the es-
tablishment of a similar institution
at home. The famous training school
for generals stands high in the esti-
mation of the world, and even the oc-
casional antics of the hazers are not
sufficient to lessen the admiration in
which it is held.

The appendix, thinking the human
race has not enough trouble of its
own just now, has started to make
more by inventing for itself a new
and exclusive disease. This disease
the doctors have agreed to call "an-
pendicular gastralgia," and there is
small doubt that those who wish to
keep strictly up to date will contract
it without delay. Indeed, appendicitis
may go quite out of fashion.

That Missouri congressman who in-
troduced a bill making it a misde-
meanor for any man to maintain a
clock in a public place in Washington
which is two minutes off, is getting
too hypercritical. He might just as
well not be so everlasting punctual
about adjournment as that.

Selling of the Mauretania was Je-
layed half an hour by the non-arrival
of some cans of cream. We are sur-
prised to learn that the Mauretania
does not have among its attractions a
cow pasture and a creamery of its
own.

New York gave away a car load of
babies to New Orleans people the
other day. This corroborates the old
saying that generosity consists in
giving away something that we do
not want ourselves.

Colonels Bryan and Roosevelt
claim to be newspaper men, though
neither the columns of the Common-
er nor the Outlook are especially
newsy. But Bill and Ted are newsy
enough to make up for that.

Some men are so game that if you
pay them a compliment you won't
have to pay them the five you bor-
rowed last week.

Jeffries has been ordered to take a
brief rest, but it would meet a more
proper chord if he would give his
typewriter one.

It takes a lot of nerve for a fellow

COAL IS GETTING SCARCE
Missouri Institution's Fuel Supply Is
Running Short.

Jefferson City, Mo., May 16.—If the
strike of the coal miners is not set-
tled soon some of the state institutions
will be badly hampered for want of
coal. The state hospital at Fulton,
which had about exhausted its supply,
has secured ten car loads from a coal
company at Kansas City.

The Missouri penitentiary has
enough to last until August. Warden
Henry Andrae contracted for a large
supply when he saw a strike was im-
minent, and this, he says, will last
until August.

CLARK MAY BE SPEAKER

Think Opposition Neither Important
Nor Serious.

Washington, May 16.—Representa-
tive Oscar W. Underwood, of Ala-
bama, one of the leading democrats of
the house, does not regard the oppo-
sition to Champ Clark for the speaker-
ship as being either important or se-
rious.

He said yesterday that nothing is
likely to happen between now and the
convening of the next congress which
would prevent the election of Mr.
Clark as speaker in case the house is
democratic, or minority leader in case
the house is republican.

"Already," said Mr. Underwood,
"considerably more than a majority
of the democratic members of the
house have personally and voluntarily
pledged themselves to Mr. Clark.
Should the democrats gain fifty mem-
bers in the next house, that being
what we expect to do, it is fair to
presume that Mr. Clark would have
an even break and that he would get
the votes of at least half of these. And
there you are. How can he be de-
feated?"

Mr. Underwood's views are shared
by practically all of the democrats,
most of whom are inclined to smile
whenever the subject is suggested.

ASSETS ALL LOANED

And Small Illinois Bank Has Closed
Its Doors.

Terre Haute, Ind., May 16.—The
private bank at West Union, Ill., es-
tablished as one of a chain of banks
in small towns in the rich agricultural
districts of Eastern Illinois by W. P.
Anderson, of Indianapolis, has closed
its doors because practically the last
cent of its \$43,000 deposits has been
loaned, leaving no working capital.

Cashier H. F. Wharton says the de-
positors will get all their money, "if
the affairs of the bank are handled
in a proper manner."

Among other Illinois towns in
which Anderson is said to have banks
are Ridgewood Villa Grove and Beech
Grove. He is also said to be inter-
ested in banks at Kokomo and West-
erville, Ind.

Anderson says that Cashier Whar-
ton made the loans which crippled
the bank, and that he (Anderson)
had none of the money from the bank.
On the contrary, he says, he will lose
\$6,000 he invested as stockholder in
the bank. Anderson is a broker in
Indianapolis. He denies being inter-
ested in other banks.

GIRL WAS 18 YEARS OLD

Stepfather Declared That She Was
Hypnotized.

New York, May 16.—When Harold
Leroy Decker, 20, son of a Chicago
broker, was arraigned before Magis-
trate Dooley on the charge of abduc-
ting Miss Anna McKnight, a pretty 18-
year-old girl, her stepfather asserted
his belief that the girl had been hy-
pnotized. Young Decker is said to be
heir to an \$8,000 estate left him by
his grandfather.

Charles E. Kelsey, counsel for
Decker, moved an immediate hearing,
saying his client loved Miss McKnight
and wished to marry her.

Three weeks ago Decker was stand-
ing in the doorway of a Brooklyn ho-
tel, when Miss McKnight stepped in
out of the rain. It was a case of love
at first sight, the couple said. She is
a pretty blonde, and when in court
was stylishly dressed.

When Decker was arraigned his
lawyer, Harry Lewis, made the point
that the young woman was 18 years
old last October and therefore had a

AN INDICTED DOCTOR

Accuses His Accusers of Selling
Cholera-Infected Hogs.

Frankfort, Ky., May 16.—Hogs dy-
ing with the cholera are now being
shipped into Louisville by the car
loads, is the information that comes
to Governor Willson in a letter from
Dr. J. H. Ashbrook, Glendale, Ky.

This letter will be turned over to
M. C. Rankin, commissioner of agri-
culture, and an investigation will re-
sult, and if the charges prove to be
true, indictments will follow.

Ashbrook was indicted at the last
term of the Hardin circuit court,
charged with selling liquor to pa-
tients in local option territory, and he
claims that the people who had him
indicted are not good citizens, and that
they have been selling hogs dying
with the cholera.

He claims that he tried to secure
their indictment, but failed. Gover-
nor Willson refuses to pardon Ash-
brook before trial, but will have the
hog story investigated.

CRAZED MOTHER'S DEED

Killed Her 15-Year-Old Daughter and
Then Suicided.

Syracuse, N. Y., May 16.—After
murdering her 15-year-old daughter,
Hazel, Mrs. Emma Chapman, aged
47, wife of Chief of Police Charles F.
Chapman, of Baldwinsville, at an
early hour Sunday morning commit-
ted suicide. The dual tragedy was
enacted at the Chapman home at
Baldwinsville with a revolver.

Until two weeks ago Mrs. Chap-
man was under the care of a spe-
cialist at a Syracuse hospital, almost
hopelessly insane. When her hus-
band took her home he promised the
physician to make application to
have the woman committed to an
insane asylum.

While the chief and his sister,
Miss Edith Chapman, were asleep
Mrs. Chapman found the revolver
and, going to her daughter's room,
fired a bullet into the girl's left tem-
ple. Then she fired another into her
own right temple. She died in a few
seconds, but the daughter, a high
school graduate, lived two hours.

was arrested for alleged mistreat-
ment of the 10-year-old daughter of
Mr. and Mrs. Pavl Eva, members of
his church, was acquitted in the po-
lice court, and the case was dis-
missed by Judge Long for want of
evidence.

Attorneys for the minister alleged
that the filing of the charges re-

THE BEST PITCHER THE OWLTOWN NEWS.

CHRISTY MATHEWSON IS PICKED AS THE LEADER OF THE ENTIRE BUNCH.

THIS IS BELIEF OF FRANK CHANCE

The Manager of the Chicago "Cubs" Tells Why McGraw's Box Artist Has it On All Others in the Major League.

New York, May 16.—There are about 200 young men who put in a busy spring and summer with an eye toward horning into Mr. Spalding's excellent little encyclopedia with something like 300 against their names in the column set apart for the batting averages.

Opposed to this bunch we have 100 equally strong and earnest young athletes who work fully as hard to bump the hitters down as close to the .000 mark as possible. These are the pitchers of the two big leagues.

Nearly every team in the big league has a star pitcher; of these stars a few stand out like the Metropolitan tower, and on the baseball sky line there is one young blonde gentleman freely admitted to be the best in the business.

I asked Frank Chance one day to name the best pitcher of the present day. I was prepared to hear him mention Mordecai Brown.

"That big Mathewson," said Frank, without an instant's hesitation. "He's the best what is!"

Christy Mathewson is indeed a remarkable athlete. He had the luck to fill when he drew to physique and brains. There are a few pitchers in the big league who have the speed and the curves they used to have, but they retain their control of the ball, and they have, as a stock in trade, an intimate knowledge of the weakness of every hitter who faces them. They "get away with it" because they mix brains with their limited ability, and win over younger men who have speed and curves to burn.

Once in a long, long time there comes a pitcher who has everything—speed, curves, control and knowledge of his opponents. Mathewson is such a pitcher. He has great physical strength, a fine assortment of curves, including that heart-breaker, "the fadeaway," for which there seems to be no antidote, and with all this knowledge of the weak spots of hitters which enables him to feed a man the very thing which he cannot use.

Mathewson has been "up there" a long time. He was a great pitcher before the illness which came near putting him out of baseball for good. While he was recuperating from that illness he experimented with a new series of curves, which might be delivered with as slight a tax on his strength as possible. He discovered the "fadeaway," and he is the only man in the world who can use this peculiar drop. It is now his trademark.

Lots of fellows know how he throws it; they know how to go through the motions, but when it comes to whipping the tips of the fingers over the cover of the ball in order to make it float up and fall dead in front of the plate, they have to pass out. The "fadeaway" belongs to Mr. Mathewson, and he will never have to have that delivery patented.

San Antonio, Texas, May 16.—Wealthy Jews in Texas have decided to establish at Waco, Texas, a Hebrew university. The institution, although primarily designed to attract students of the Jewish race, will be non-sectarian and will be open to young men and women of every creed.

Waco some time ago lost the Texas Christian university through fire destroying its buildings. Financial inducements made by another city led to the removal of the institution.

VOL. I. OWLTOWN, Mo., MAY 13, 1910. No. 3.

(Roy Morris in the Houstonian.)

If a certain man in Owltown don't quit cussing his wife so loud that everybody in town can hear him he is going to get writ up in the News, regardless of consequences.

Bill Swift was appointed census enumerator of Owltown. Bill is not allowed to tell how many people Owltown has, but he intimated to us, confidentially that the number is not under 23 nor over 25.

Hank Hornsquabble and Miss Sal Victoria Strawberger were driving over the streets of Owltown last evening in Hank's new \$29.65 buggy. The motive power was Hank's saddle mule, which seems to take kindly to harness.

There will be a debate at the Owltown school house next Thursday evening, to which all of Owltown is invited. The question to be debated is: "Who Should Get Up First in the Morning, a Man or His Wife?" John Henry Strawberger will take the affirmative and the editor of the News the negative side.

Bill Blowhard, the celebrated mouth harp player from Punkville, is visiting friends in Owltown this week. Bill is evidently smitten with the charms of Miss Lou Perkins, as he was seen standing under her window last night, while from his mouth harp issued the soul-inspiring strains of "Honey Lou" and other bawling love songs.

Farmer's Daughter Leaves Sunday School to Meet Fiance.

Mexico, Mo., May 16.—Virginia Phillips, the pretty 19-year-old daughter of R. L. Phillips, a well-to-do farmer of Audrain county, eloped with S. L. McCully, 21 years old, who is employed as hired man on her father's farm.

Quietly skipping from her father's side in Sunday school yesterday morning, she met the hired man and jumping into a buggy with him, drove out of town.

A little later Mr. Phillips learned of the elopement and gave chase. The elopers returned here at 3 o'clock to marry, thinking the irate father had been thrown off the track.

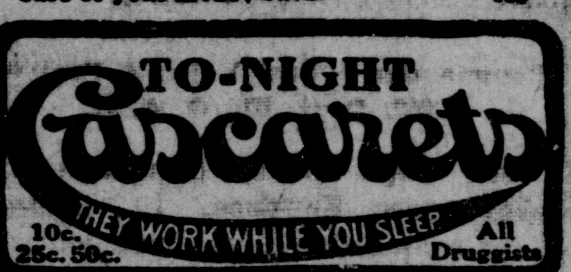

As they drove up to the court house Mr. Phillips spied them and it looked dubious for the bridegroom until Mayor Potts intervened and finally obtained the father's consent.

McCully has been at work on the Phillips farm only two months. The couple had not met before and the

BRIDGES WASHED OUT

This is the Report Received from Lafayette County.

Lexington, Mo., May 16.—The recent heavy rainfalls did great damage to the bridges throughout the county, and a summing up of the losses shows that a number of the best structures in the county have been either greatly damaged or totally wrecked by the floods.

The iron bridge across the Big Sal, six miles west of here, was totally destroyed. This was the longest span and the most expensive bridge in the county. An estimate of the loss to the county has not been made, but it will reach many thousands of dollars.

GARDEN HOSE WAS USED

By Superintendent to Whip Ohio Girl Students.

Berlin Heights, O., May 16.—A school row that has embroiled Berlin Heights for several weeks came to a climax when Superintendent C. Z. Snyder was arraigned before Justice Willinger on charges of assault and battery upon Marie Elson, aged 15, and Anna Ferber, 16 years old, two high school students.

The warrant for Prof. Snyder's arrest was sworn out by F. M. Elson, township clerk, father of Marie. According to Elson, Prof. Snyder whipped both girls with a piece of garden hose before their class of boys and girls.

Trouble in school affairs has been

at fever heat since about a week ago when Prof. Snyder was re-elected superintendent for two years, despite strenuous opposition by Board Member Berber, father of Anna. The whippings were administered, is it said, because the girls asked and obtained permission of the principal to do something which the superintendent had refused them.

Nervous Debility

No one need suffer longer from Nervous Debility, Decline, lack of Strength, failing vigor or weakness. A remarkable prescription from one of the oldest and ablest physicians in the country is curing thousands. For convenience, this treatment is put up in packages which retail by the druggist at one dollar, or six packages for \$5. under the trade name, Wade's Golden Nervine.

Every man who wishes to regain his strength and virility should call on the druggist at once and ask about this wonderful treatment.

Wade's Golden Nervine is a simple vegetable compound, which produces marvelous results, and contains more vitalizing and restorative properties than any other known treatment. To those remote from the druggist it will be sent by mail, in plain packages, upon receipt of price.

FREE—A free trial package, with booklet and full particulars will be mailed to all who write, enclosing six cents stamps, addressing GEM MEDICINE CO., Dept. N, St. Louis, Mo.

Sold by W. E. Bard Drug Co. and Scotten Drug Co.

"True Blue" Serge Suits

SERGE is the most serviceable and dependable material for men's summer wear—we would have you judge our serge suits by contrast with the usual hackneyed efforts in this line.

"True Blue" Serges in two or three-piece suits are now offered in many choice fancy weaves in self color, which are exclusive with us.

We invite your inspection for this remarkable group of garments, comprising many different single or double-breasted models, ranging in style from the conservative to the radical at prices from \$15 to \$25.

PAROLED CONVICT

(Continued from Page One.)

known that he was a paroled convict and had ability to buy or sell for any concern and also had an adaptability to handle a bunch of men.

He stated that if any one would put confidence in him he would give his word of honor to make good. Do you think that he received any answers? Fourteen reliable firms answered the advertisement, offering employment to the supposed convict.

At this juncture of the affair the man who had befriended Seymour and had employed him happened to lose some of his help. Seymour, noticing his former employer's plight, offered to work for him again. This afforded him an opportunity to avoid the firms who wanted to employ him.

After quitting the dairyman's job he attempted to deal in cattle. Of course, this took capital. A letter from Pardon Attorney Chambers offered to lend a sum toward the proposed movement. Seymour made known the fact to the other stockmen in Kansas City that he was a paroled convict. The cattlemen offered to lend the man who was so frank about his condition a sum of \$640, which would start him in business.

The matter was growing so warm and complex at this stage of the game that the newspaper men of Kansas City began to inquire into the case of Seymour, causing him to "come across" and tell the true state of affairs to those who had helped him in his experiences. An apology

was gracefully accepted by those who had been so cunningly deceived.

Mr. Seymour is visiting in the city at the present time. He will leave for St. Louis today. Mr. Von Fleet some months ago won a \$10,000 wager in St. Louis by saving \$400 during four years of work at a dairy at laborer's wages.

Mr. Von Fleet in an interview with a reporter of the Capital-News said he had gained a world of knowledge from the experiences he had while going through life as a paroled convict, one that had committed murder and who had served time behind those grim walls in the eastern part of the city. "I tried to act the part exactly as a real one would all the way through," said Von Fleet, in conclusion.

Letter to Mr. Louis Yonker, Sedalia, Mo.

Dear Sir: Here's a bully one. Mr. Dooley (not of Chicago), painter, Lancaster, N. H., got the job of painting the Episcopal parsonage. He was used to a paint, as pure as Devoe, but weak and short-measure—he didn't know it was weak or short-measure. Dooley surveyed the job, and said it would take 20 gallons.

Mr. L. F. Moore, our agent, offered to give 10 gallons Devoe. Accepted of course. Eleven gallons did it; the 10 plus one.

Mr. Moore isn't painting parsonages on shares this year.

Yours truly,

HE SOLD A BICYCLE

THEN A BOY OF 15 YEARS SKIPPED OUT WITH SWEET-HEART OF 17.

KEEPING COMPANY SIX MONTHS

With a Capital of Only \$1.35 Couple Ran Into a Policeman, and as a Result Their Marriage is "Off."

New York, May 16.—With five large dollars, the proceeds from the sale of a bicycle which had seen better days, and a severe attack of what their parents say is "puppy love," Charles Ross, 15 years old, of No. 568 Fair field avenue, and Lenore Buckley, 17 years old, of North avenue, Bridgeport, Conn., in pursuance of carefully laid plans, eloped early Saturday morning.

They were tired, a little discouraged, but still holding hands when a prosaic policeman saw them at the West Shore ferry in Weehawken. What each thought was the love light in the other's eyes looked like foolishness to him, and he began to ask a few questions.

Charles said they were looking for a room and the policeman sent him in search of one so that he could question Lenore. She told the story and punctuated it with a few sobbs. They had been keeping company for six months and their parents had very unreasonably opposed their marriage. She was going to a business school and Charles was making slight progress in the carrying out of a future by working in a store. They determined to get married, despite the objections, and eloped.

With the enthusiasm of youth and the zeal of a lover, Charles was sure he could make a name for himself and support a wife if he could get to New York. In looking over his assets the only thing that looked as if it could be converted into cash was the bicycle, and this was sacrificed on the altar of love. There was \$1.35 left out of the capital when the policeman discovered them.

Miss Buckley's parents were notified and they arrived at Union Hill station, where the young persons were and started back with them to Bridgeport. The police were of the opinion that a few earnest words would be spoken before the party arrived in that city, and that would not be all.

INDIANA FARMER SUES

Second Time for Alienation of His Wife's Affections.

Columbus, Ind., May 16.—Charles Snotzmeier, a wealthy farmer, near here, has filed suit for divorce against his wife and also against Thomas Chambers, a wealthy farmer, for \$5,000 damages for alleged alienation of his wife's affections, to whom he was married two months ago.

Snotzmeier caused the couple's arrest a few days ago on charges of improper conduct. He alleges that Chambers and his wife eloped while he was at church.

One year ago Chambers sued Charles Crump for \$10,000 for alienating his wife's affections and was given a judgment for \$2,000.

Mr. Isaac Cook, commander of above post, Kewanee, Ill., writes: "For a long time I was troubled with backache and pains across my kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity."

ROMANCE OF A BURGLAR

Was Taken Into Consideration By Judge in Giving Sentence.

Owosso, Mich., May 16.—Charles Burkhardt, burglar and check forger, has been sentenced to prison for two years. The light sentence was due to a romance.

Burkhardt comes from a rich southern family, and was a student in the University of Virginia. Several escapades resulted in his leaving the school. He took up book-keeping, and at Tiffin, O., met a young lady, and became engaged to her.

He then came to Corunna and secured work as a laborer in the brick plant. The girl continued writing to him, imploring him to return and make her his wife, and, becoming desperate, Burkhardt committed the burglary, forged the check and married the girl.

A recent letter from his wife tells him she will remain true to him, and

meet him at the prison doors when he has served his time.

Representative Coudrey, of St. Louis, designed to regulate the gas companies of the District of Columbia, was denounced yesterday as being "loaded" by the Washington Times, a newspaper which has been fighting for years for legislation to control the big corporation. The District of Columbia committee, of which Coudrey is a member, agreed to make a favorable report on the bill.

The Times says: "When the gas bill is reported to the house from committee on Wednesday it should be picked up gingerly with a pair of tongs, cast carefully out of a window and heaved into space. It's loaded to the guards."

The Times, in the course of an editorial taking up half a page, declares the Coudrey bill is loaded down with gas company jokers, and that if it becomes a law it will sweep away at one stroke the right of the people of the District of Columbia to decent treatment at the hands of the gas company, and leave them "at the mercy of that grasping corporation for many years to come."

SEVERED LEG "PAINS" HIM

Man Will Exhume Amputated Limb For Second Time.

Logansport, Ind., May 16.—The amputated leg of Charles Fagley, which was crushed off when a jack slipped from beneath a pair of engine trucks in the Panhandle round house about two months ago, is to be disinterred for the second time.

Several weeks ago Fagley complained that the toes of the amputated foot gave him great pain, and after "suffering" for several days he went to Mount Hope cemetery and had the foot taken up. It was found that the toes had been buried in a cramped position. Fagley straightened them and the foot was again buried.

Now Fagley is complaining of pains in the instep of his severed foot. He says they are so severe that he has been unable to sleep for several nights, and he has planned to go to the cemetery again and exhume the amputated leg and ascertain whether or not there is a pressure on the foot or something else that is causing him unrest.

"BOOZE" LATEST HAIR OIL

You'll Get Hair on Lining of Stomach If You Drink.

Washington, May 16.—Beware, ye who imbibe freely of yellow, mellow corn whisky, and do not mix it with sugar, currants and port wine, else hair will grow in the lining of your stomach.

The above substances and fluids are the ingredients of a new hair tonic on which Uncle Sam has granted a patent.

According to the directions a half dozen applications of this wonderful mixture will grow hair on any part of the body. It is applied by "two fingers" and rubbed in.

Do You Get Up

With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in over-coming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., One Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HADLEY FOR A NEW REFORMATORY

Legislature Will Be Asked to Appro-
priate Funds for New Institu-
tion—Supt. McClaughry in
Favor of the Plan.

Jefferson City, Mo., May 16.—Gov. Hadley said Sunday that he will recommend to the next legislature the enactment of a law creating an intermediate reformatory in Missouri for first offenders and the appropriation of sufficient money to erect the necessary buildings.

This institution, the governor says, is badly needed. He estimates that there are fully 500 young men who are serving their first term in the Missouri penitentiary who may yet be molded into good citizens if placed under different environments.

The governor spent Friday and Saturday at Booneville conferring with Supt. C. C. McClaughry, of the training school for boys, who is regarded as one of the most experienced men in prison matters in the United States. McClaughry says the state should have such a reformatory, where young men in trouble for the first time may not be thrown among old and hardened criminals in the penitentiary.

Gov. Hadley says the reformatory should be equipped in such a way that every inmate may be taught some useful trade and given the elements of an education at least.

Supt. McClaughry told the governor that there is ample room on the training school lands at Booneville for the proposed intermediate reformatory. The state has 500 acres there, and part of this, McClaughry said, could be utilized for the new institution. The work of construction, he told the governor, could be done by the boys of the training school under proper supervision. He was of the opinion that \$60,000 would be sufficient to erect the first buildings. Under the present law only boys under 18 years of age can be sent to the training school. All over that age must go to the penitentiary, where they are herded in with criminals of all classes. This is a condition which the governor says should not obtain, and he will strongly recommend the proposed reformatory to the next legislature.

A CHURCH IS ROBBED

The Cathedral at St. Joseph, Mo., Broken Into.

St. Joseph, Mo., May 16.—The St. Joseph cathedral was broken into by burglars Saturday night and robbed. The poor boxes, in which are gathered coins for the destitute, were broken wide open and every cent they contained taken.

The church was rummaged through, books, papers and other articles thrown around, even in the altar sanctuary. The robbery was discovered yesterday morning when the sexton opened up.

A tall, light young man was seen hanging around the cathedral and the police are looking for him. He left behind a card bearing the name and address of a woman living in a rooming house on Pine street, St. Louis. The St. Louis police may be asked to investigate.

STUDENT ON \$1 A WEEK

Harvard Man Also Is Athlete on Small Allowance.

Boston, Mass., May 16.—That a man can go through college living on a dollar a week, and be a star student, a varsity football player, and the third strongest man in college, has been proven by Earl V. M. Long, of Mares, Ill., a Harvard senior, who for four years has consumed one dollar's worth of food weekly and has thrived on that.

Long has done this, he says, both because he had to and because he preferred to.

"It is easy enough to live on 14 or 15 cents a day, when you work it out on a system," he said. "First, you've got to find out just the greatest amount of nourishment a given allowance will bring and arrange your diet. A man can live on anything and thrive on it if he can only get used to it."

"I eat at Randall hall, where things are served at cost. Bread and cereals at 2 and 3 cents is enough for me at breakfast. Cream toast and vegetables for about the same amount at lunch and at night I get extravagant to the extent of 7 or 8 cents."

Long is one of the best students of the class of 1910. In summer he goes abroad as a cattleman. Last year he won his "H" on the varsity team. This spring he is on the baseball squad, and the trainers say he has wonderful endurance.

Zanesville, O., May 16.—The widespread rumor that two Zanesville high school girls are suffering from leprosy is absolutely without foundation, and the report is due to a joking remark.

One of the girls, aged 16, used a patent preparation on her feet to prevent perspiration, and when she told her schoolmates that it caused a sore on her foot, one of them remarked that she had leprosy, etc.

The attending physician and Health Officer McCormick vouch for this statement.

BURGLAR SHOT "COPPER"

Policeman, as He Fell, "Plunked" Marauder Through the Heart.

San Francisco, May 16.—An unidentified burglar and Patrolman William Maguire engaged in a running pistol fight early Saturday. The burglar was shot through the heart and instantly killed and the policeman was probably fatally injured.

In the excitement attending the shooting, thieves believed to have been accomplices of the robber who was killed, entered an apartment house nearby and from the rooms of Mrs. Colin Church, stole jewelry worth \$1500.

Maguire, coming around a corner, encountered the burglar, who instantly shot the patrolman through the abdomen. As Maguire fell, he drew his pistol and shot the man dead.

New Perfection Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There's no drudgery connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till its fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and ever a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

DEATH OF J. W. VAN CLEAVE

Advocated "Open Shops" and Opposed Labor Unions.

St. Louis, Mo., May 16.—James W. Van Cleave, widely known as a foremost organizer of the Citizens' Industrial association movement, staunch advocate of the open shop and antagonist of labor unions, died yesterday morning at 6 o'clock at his residence, 4209 Morgan street, from heart disease and attending complications. He was 60 years old.

It was Mr. Van Cleave, through his prosecution of the boycott injunction suit of his manufacturing concern, the Buck's Store and Range company, of St. Louis, who caused Samuel Gompers, John Mitchell and Frank Morrison, the labor leaders, to be sentenced to jail, a sentence which still hangs over them.

ctured others, and three dwellings were burned as a result of the accident.

A LIBERAL OFFER

The Arlington Pharmacy Guarantees a Relief for Dyspepsia—If the Remedy Fails It Costs Nothing.

To unquestionably prove to the people that Indigestion and Dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible. The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Sedalia only at our store, the Rexall Store.—Arlington Pharmacy.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. These tablets—called Dr. Shoop's Headache Tablets—exactly blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's a blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

'TIS RAT KILLING DAY
The Slaughter is in Progress in Atchison County.

Rockport, Mo., May 16.—Today is officially designated as "Rat Killing Day" throughout Atchison county and a concerted effort is being made to exterminate the pests which each year cause such losses to the growers of grain as well as to town households.

During the past few years reports of extensive depredations by the rodents have grown more frequent, and it was deemed advisable to set apart a day when all who could conveniently do so would take a hand in their extermination.

While the matter was at first considered a joke, it took but slight argument to convince all that the combat was necessary, and the rats are being slaughtered today.

JEFF WORKS ON SUNDAY

White Man Goes Four Fast Rounds With Bob Armstrong.

Ben Lomond, Cal., May 16.—Jeffries delighted a record crowd of camp visitors last afternoon by going four fast rounds with Bob Armstrong. There was to have been more boxing, but Choyinski was slightly ill and Armstrong was not keen for an extension of the four-round limit.

Jeffries showed marked hospitality to his guests and seemed in excellent spirits. He did five miles on the road in the morning under a hot sun, and his afternoon show lasted about an hour.

Among the visitors to the camp Sunday were John A. Kelly, acting mayor of San Francisco, and Sheriff Tom Finn and Supervisors John L. Herget and Con Deasy, all of San Francisco, Charles Eyton, the Los Angeles referee, died in unexpected. He expressed himself as astonished at Jeffries' splendid physical condition.

After completing his work Saturday Jeffries devoted the entire evening to pleasure. He entertained his family and close friends at dinner, and later was one of a large party that went to a dance on the Ben Lomond.

Jeffries took his first drink since starting to train Saturday afternoon. He split a bottle of stout with his business partner, Jack Knipper. The fighter explained that, with a goodly part of the grind still before him, he did not want to grow stale, and that a drink of porter or ale occasionally would be beneficial.

THE SEISMOGRAPH

(Continued from Page 1)

small affair that resembles a miniature water supply tank. Then there is a cylindrical appearing body that carries a wide strip of blackened paper. This cylinder is in fact a mass of iron, weighing several hundred pounds, which is delicately balanced by means of steel hangers and springs.

Whenever a quake comes this pendulum, being so accurately balanced, does not move, as might be supposed. The rest of the machine, solid on its base of brick and cement, however, does move, and this movement causes two little needles supported on two truss-like arms, to mark the vibrations.

If the quake is in a north-south direction one needle makes the record, and if the earth's movement is in an east-west direction the other needle takes the vibrations.

Under normal conditions both needles make a perfectly straight line on the smoked paper. A slight quake will cause a waviness in the line, while a more serious shock will produce a jagged line.

By an ingenious arrangement each minute of the day is marked off so that the exact length of an earthquake may be told at a glance.

But that is not all. If the quake is of any importance whatever the distance can be more or less accurately determined. The records are made upon smoked paper, which, after being filled, are run through a chemical preparation, which sets the lamp black so that they can be handled.

Since the installment of the seismograph, two months ago, four earthquakes have been detected by the university machine. The last one was on May 13. A shock was recorded at 1:39 o'clock in the morning on that date. The tremors lasted nearly three hours and at times were severe.

Prof. Cady gave it as his opinion that the center of the quake was at some point between 2,000 and 3,000 miles from Lawrence. Subsequent developments showed that this record was of quakes in Costa Rica, which have occurred frequently since the recent disaster in that country.

GIRL NURSE A POISONER

Denied Trip Young Negress Takes Vengeance on Children.

Demopolis, Ala., May 16.—Poisoned by a 10-year-old negro girl employed as nurse, the 3-months-old daughter of Davis Collins, a wealthy planter, died Sunday, and a second child of Collins, 2 years old, is in a serious condition.

The girl says she poisoned the children because their mother refused to allow her to go on an excursion.

The county jail is heavily guarded against a possible attempt to lynch her.

GLASS IN HIS APPENDIX

Surgeons Say It Is First "Find" in Medical Annals.

New York, May 16.—A jagged fragment of glass was found in the appendix of a young man who was operated on here Sunday.

It is said to be the first case in which the presence of glass was indicated as a cause for appendicitis.

VICTIMS IN A HOSPITAL

None of Those Injured on Orient in Serious Condition.

STORE MILLIONS OF EGGS

Have Been Put Into Cold Storage in New York.

New York, May 16.—Nearly twice as many eggs are in storage now in the warehouses of New York city and vicinity as there were a year ago. This is shown by the reports received by the Mercantile exchange.

The total quantity of eggs in 28 to 32 warehouses was 1,119,000 cases, each case containing 30 dozens. This daily receipts are exceeding the consumption by thousands of cases, so that the supplies in storage will continue to pile up for some time, it is expected. A year ago the eggs in storage in the same 28 warehouses amounted to 615,000 cases.

Speculators are figuring on even higher prices than those of last winter, when the retail prices went to 50 and 60 cents a dozen on fancy grades.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of constipation. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. NEWS OF THE RAIL

ROY MORRIS ASKS MISSOURI PACIFIC TO IMPROVE THE LEXINGTON BRANCH.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Reproducing an item from the Democrat-Sentinel regarding the betterment in progress on the Warsaw branch, Roy Morris writes as follows in The Houstonian:

It is to be sincerely hoped that the management of the Missouri Pacific will not stop when the Warsaw branch is ballasted as far as Sedalia, but will continue the good work until the Lexington branch is put in like condition.

The people along the Lexington Branch have put up with a rough track and dinky engines for many years, and paid as much for poor accommodations as other roads charge for better.

The Lexington branch is one of the best paying roads per mile that the Missouri Pacific owns, and it is only just that it be put in decent condition.

The freight and passenger traffic is always good, and was never better than now; but the roadbed and track are so rough that people traveling to Kansas City use this road only as far as Higginsville, where they take the C. & A. in order to get their money's worth.

If the officials of the Missouri Pacific are inclined to give each of their roads its just amount of improvements, they will give the Lexington branch the improvements it is entitled to.

There is only six miles difference in the length of the Lexington branch and the main line from Sedalia to Kansas City, and if the branch had a good road bed and heavier steel it could be used to excellent advantage in routing heavy trains through to Kansas City when traffic is congested by other roads using the Missouri Pacific tracks in time of high water, which happens quite frequently.

Telegraphers Make Demands.

Railroad Commissioner Frank J. Ryan, of Leavenworth, Kas., and A. W. Sullivan, general manager of the Missouri Pacific railroad system, with headquarters at St. Louis, will confer today to agree on a third man, who, with the two, will form a commission to arbitrate a wage dispute between the railroad and its telegraphers.

Mr. Ryan was chosen Saturday to represent Division No. 31, Order of Railroad Telegraphers, Missouri Pacific system, while Mr. Sullivan was chosen to represent his company.

The telegraphers are asking a raise of 7 1/2 to 8 per cent over their present scale, giving the high cost of living as a reason. They have had no advance since 1907.

About 1200 telegraphers are involved, says Sunday's St. Louis Globe-Democrat, drawing \$55 to \$120 a month. The order is represented by a general committee composed of W. M. Holman, 7016 Pennsylvania avenue, general chairman; O. M. Thomas, 4820 Maffitt avenue; W. L. Willmarth, Holden, Mo.; C. E. Maxwell, Batesville, Ark.; and H. J. Mohler, Coffeyville, Kas. The committee has been meeting at the Laclede hotel.

If the employees get what they ask for it would mean an additional expense of \$65,000 a year to the Missouri Pacific system.

Pay Day at Jefferson City.

The Missouri Pacific Railway Co. put \$33,000 in circulation in Jefferson City today, says Saturday's Jefferson City Democrat-Tribune. It was the regular pay day and the above amount is Jefferson City's share of the "swag."

Hereafter, during the remainder of the summer and during the ensuing fall, the Missouri Pacific will put about three times this amount in circulation here every month as an incident to the vast yard improvements lately begun at this point.

Automatic Couplers.

Today is pay day for the M. K. & T. employees at this point.

John Anderson, a Missouri Pacific brakeman, "deadheaded" here from Kansas City this morning.

Albert Rankin, traveling auditor for the M. K. & T., left this morning.

H. E. Randall, a Missouri Pacific engineer, who last November was dangerously injured in an accident and who has been off from work since, reported for work today.

N. PERRY INJURED

Missouri Pacific Fireman Hurt Here This Morning.

N. Perry, a Missouri Pacific fireman, residing on North Engineer avenue, was painfully injured just east of town at 7:30 o'clock this morning when Missouri Pacific engine No. 421, taking the east local to Jefferson City, performed what is known in the railroad world as "stripped itself."

Mr. Perry was standing on the steps of the engine cab when the side rod broke. It struck him on the left shin, causing a painful wound, and threw him into the cab, severely spraining both shoulders.

Dr. W. J. Willis was summoned and after dressing the patient's wound ordered him removed to his home.

The break to the locomotive delayed the train two hours.

Saloon Thought No. 393

ANTI-SALOON LEAGUE REVENUE.

The Brewers' Journal is much exercised because a portion of the revenue received by the Anti-Saloon league and used by the league to pay the salaries of its workers, "is contributed by comparatively poor people whose pastors tell them that it is to be used to promote morality and religion." The Journal, however, is perfectly well pleased that the brewers ride around in \$10,000 automobiles, dwell in magnificent homes, surrounded by beautiful grounds and draw annual salaries of \$25,000, notwithstanding the fact that a very large part of the money to pay for the luxuries came directly from the pockets of these "comparatively poor people." The Anti-Saloon league does not injure physically, mentally or spiritually the contributors to its funds. The brewer does worse than take from the poor man his money. It returns to him in lieu thereof, shame, misery, and disease. This brewery chatter about the Anti-Saloon league taking the poor man's money is the veriest rot. It is common knowledge that the brewer himself is a past master in the art of robbing the poor man.

People in moderate circumstances—laboring people are aiding the Anti-Saloon league because they see that the saloon is the greatest contributing cause of poverty and because they believe the league to be the most effective method yet devised for overthrowing the liquor traffic. Were these "comparatively poor people" spending their money for beer, there would be no spilling of crocodile tears on the part of the Brewers' Journal. On the contrary, it would gleefully report the excellent condition of "trade."

THE LEXINGTON WON AGAIN

Made New Record in Annual Hill Climb at Kansas City Saturday.

At the hill climb or motor matinee conducted by the Kansas City Automobile club Saturday the Lexington car "40," driven by A. O. Brooks, set a new record and exceeded its own established two years ago. The event was programed as No. 10, the unrestricted free-for-all class of gasoline cars. The ascent was made by the Lexington in just 55 2-5 seconds, clipping off 4 1-5 seconds from the record set for the Dodson Hill climb in 1908. Lexington cars are sold in Sedalia by Dr. W. J. Lawson, who owns one of them.
